Should Cell Phones Be Allowed in Schools?

There is a big debate about whether students should be allowed to use cell phones in schools. Some people believe that phones are useful tools for learning, providing access to educational resources and quick communication.

Others argue that phones are a major distraction, making it harder for students to focus in class. Some schools allow phones but with restrictions, while others ban them completely.

The question remains: should students have the right to use their phones in school, or should they be kept away during lessons?
