The teacher who changed my life: relative clauses

① Reading

Read the text and choose the correct answer.

The Teacher Who Changed My Life

There are people who leave a lasting impression on us. My high school chemistry teacher, who always encouraged curiosity, was one of those people. She taught us that mistakes are simply opportunities that help us learn. The lessons that she gave went far beyond chemistry — they shaped the way many students think about challenges today.

1. Who is the text about?

- ☐ a) The author's best friend
- ☐ b) The author's high school chemistry teacher
- ☐ c) A famous scientist

2. What did the teacher believe about mistakes?
